## Summary

Naveen here, I'm basically Tech enthusiast.

I am currently pursuing my B.Tech (hons)- DataScience in Jain University, Bangalore.

Graduate of computer science with experience working across Machine Learning, Python, Web and App development. Looking for a role where I can grow and learn from experienced team members while drawing on project experience I have already successfully executed.

## Experience

### Ridge and Lasso Regression

Machine Learning

Dec 2021 - Jan 2022 (2 months)

Here, I built a web application called ml-regularization which is used to perform regularization and finds best regularization for a given dataset using machine learning.

### Academic Project

Jain (Deemed-to-be University)

Nov 2021 - Dec 2021 (2 months)

- Performed a key role in the developing deep learning model
- Compiled societal requirements and transformed them into technical requirements

### Flutter application

Flutter

Jan 2021 - Mar 2021 (3 months)

- Performed key role in the development process of the UI part in app development
