PROFESSIONAL SUMMARY

Organized and dependable candidate successful at managing multiple priorities with a positive attitude. Willingness to take on added responsibilities to meet team goals.

EDUCATION

BTech (Hons)
CSE - Data Science
Jain Deemed-to-be University
2019 - 2023   CGPA - 9.116

Pre University
Narayana Jr. college
2017 - 2019   GPA - 9.86

Secondary School
Narayana E-techno school
2017   GPA - 9.7

SKILLS

Python
Machine Learning
Java
R
C
HTML
CSS
MySQL
MongoDB
Statistics
Data Mining
Data Visualization

PERSONAL PROJECTS

Ridge and Lasso regression (12/2021 - 01/2022)
- Performed a key role in the developing Machine Learning model.
- Here, I built a web application called ml-regularization which is used to perform regularization and finds best regularization for the given dataset using machine learning.
- website link- http://ml-regularization.herokuapp.com/

Object Detection (11/2021 - 12/2021)
- Performed a key role in the developing deep learning model.
- Compiled societal requirements and transformed them into technical requirements.

Flutter Application (01/2021 - 03/2021)
- Performed key role in the development process of the UI part in app development.
- Github repo - https://github.com/Naveen-004/flutter_app

CERTIFICATES

Python
(4 courses) - LinkedIn Learning, DataCamp
Flutter
(2 courses) - LinkedIn Learning
Statistics
(3 courses) - LinkedIn Learning
Artificial Intelligence Foundations: Machine Learning
(1 course) - LinkedIn Learning
R Programming
(1 course) - LinkedIn Learning

INTERESTS

- Gaming
- Reading comics
- Drawing
- Kabbadi
- Cricket
